My parents wanted me to follow through with my education, so I would like to do that... But I need money to pay for my school!

My grandma who was living with me moved out so I need to pay the house rent!

Um...

at least Please interview me, please! give me a chance...

Then wouldn't she be your guardian? Move in with her.

Damn it. I'm rejected.

A fifteen year old can't work part time without consent from a guardian, you know?

HUH?

She left a debt and ran away, leaving me to carry that debt!

But, she never really liked me.

Would you
like to work
as a live-in
housekeeper?

It's too
dangerous
to go back
home.

Scary
people
would
come
to your
house,
right?

You don't
seem like
a bad kid.

However,
there's a
condition.

HUH?!

How is
this?!

I wrapped
towels around
my stomach and
did my makeup
to look old.

Lamel That's
really nice!

For what purpose?!

In exchange, I'll have this.

It's a pain if we can't keep in touch with the housekeeper.

Huh?

I'll give you my smartphone.

You don't have money to buy another phone, right?

Don't hold yourself back for dead people. Look towards the future and move on.

GIVE IT BACK!

What a devil...

Satou-san?

I'm going to disassemble it completely and tweak it.
